Objective

First Year CS Major at UCSB, Adept at collaborating with others, adapting to new roles + responsibilities, Seeking Summer 2022 Internship to gain more experience with programming in the real world

Skills

Programming Languages	Software Experience	Languages
Java, HTML/CSS/Javascript, C++, React	Visual Studio Code, Github , Canva	English, Cantonese, Mandarin

Experiences

Kode with Klossy / Scholar
JULY 2020 - JULY 2020, VIRTUAL (Due to Covid-19)
- Created a social awareness website (*Immerse*) that focused on user interactions with the website, tracked user's reading progress, featured summaries and articles about social issues around the world
- Became proficient in HTML/CSS/Javascript and learned from a diverse panel of speakers from various companies (Amazon, Estée Lauder, etc).

Girls Who Code Summer Immersion Program / Student
JUNE 2019 - AUGUST 2019, PLEASANTON, CALIFORNIA
- Created a self-care app (*Ukiyo*) using XCode that featured various sections within the application: relaxation resources, mediation videos, calming music playlists
- Learned Python, Javascript, and Xcode through various lessons and practice programs
- Connected with two Workday employees and presented my final project to them for feedback prior to our Demo Day

Activities

Coders SB / Freshman Representative
OCT 2021 - PRESENT
- Working with upperclassmen officers on creating winter quarter events catered to UCSB engineering students (monthly coding challenges, resume workshop, research panelist event)

IEEE / Club Member
OCT 2021 - PRESENT
- Attend numerous workshops that broaden my understanding of engineering from the hardware perspective (FGPAs, Arduinos)

Student Council / Freshman Class President, Activities Commissioner
SEPT 2017 - JUNE 2021
- Raised over $1000 for our class bank account through the organization of class events with 100+ attendees

Interact Club / Outreach Coordinator
NOV 2017 - JUNE 2021
- Mentored 7 middle school students on how to manage their school club. Raised over 300+ books for Newark Salvation Army. Donated blankets from our blanket workshop to a local homeless shelter, created joke books for a children's hospital

Built by Girls WAVE Program / Advisee
November 2019 - PRESENT, Various Locations
- Developed skills in networking, resume building, and virtual shadowing of my mentors (employees of Google, Amazon, Apple, Varo Bank)

Awards

Bay Area Affiliate of NCWIT Aspirations in Computing Award (2021), AP Scholar with Distinction Award (2019-20), Third Place Fremont Rotary Speech Contest (2019)
